1. Assessment of Knowledge, Skills, Abilities, Attitude and Attributes acquired at Viswajyothi College.

Please rate each of the following Knowledge, Skills, Abilities, Attitude and attributes in terms of how well Viswajyothi college inculcated them in your education

Sl.No	Overall, are you satisfied with:	Extremely Satisfied	Satisfied	Somewhat Satisfied
1	Basic knowledge in mathematics, science, engineering and humanities.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2	Ability to identify, design ,analyze and solve computer engineering problems.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3	Design / development of complex engineering problems and their solutions	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4	Use of research-based knowledge and research methods	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5	Demonstrate the ability to apply advanced technologies to solve contemporary and new problems.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6	Understanding professional engineering solutions in societal and environmental contexts	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7	Awareness to apply engineering solutions in global, national, and societal contexts.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8	Understanding of professional and ethical responsibilities	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9	Ability to function as an effective member in multi-disciplinary teams	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10	Proficiency in English language in both communicative and technical forms	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
11	Demonstrate the ability to choose and apply appropriate resource management techniques	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12	Capable of self-education and clear understanding of the value of updating their professional knowledge to engage in life-long learning.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
13	Ability to integrate theory and practice to construct software systems of varying complexity.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

14	Ability to apply Computer Science skills, tools and mathematical techniques to analyze, design and model complex systems.	✓		
15	Ability to design and manage small-scale projects to develop a career in computer science.		✓	

2. Please provide your comments on the following:

1. College Infrastructure : Excellent Good Average
2. Department Resources : Excellent Good Average
3. Effectiveness of Teaching Processes : Excellent Good Average
4. Faculty's support : Excellent Good Average
5. Library Facilities : Excellent Good Average
6. Computing and Internet Facilities : Excellent Good Average
7. Sports , Extra Curricular Facilities : Excellent Good Average
8. Personality/Communications Skills and Development Facilities : Excellent Good Average
9. Placement Cell : Excellent Good Average
10. Overall rating of the College : Excellent Good Average

3. Assessment of the Curriculum

Quality of Curriculum	Level of Satisfaction		
	Extremely Satisfied	Satisfied	Somewhat Satisfied
Subject matter based	✓		
Project / Task oriented		✓	
Material resources availability	✓		

4. General Assessment

Please answer the following questions:

- A. Please list some very important skills that you think you had achieved from B.Tech program in Computer Science and Engineering at Viswajyothi College (*Programming skills, Leadership skills, Entrepreneurial skills etc*) Leadership skills
- B. Please write down any comments or suggestions that you think will improve the B.Tech program in Computer Science and Engineering at Viswajyothi College (*Extra subjects, Additional Labs, Modern Tools etc*) Extra Subject
- C. Please provide your comments about vision and mission of the department Superb.

EMPLOYER FEEDBACK

VISWAJYOTHI COLLEGE OF ENGINEERING AND TECHNOLOGY, VAZHAKULAM

* Indicates required question

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Employer Survey Form

The purpose of this survey is to obtain Employers' input on the quality of education of undergraduate programs in Viswajyothi College. Your sincere cooperation would enable us to improve the quality of our graduates as per your requirements

1. Name of Company/Organization *

G-D .

2. Mailing Address *

sales@6dtech.co.in

3. Sector *

Check all that apply.

Private

Public

Academia

4. What are the pertinent employability skills to stay updated in current industry trends and there by improve the quality of the undergraduate program?

HANDS ON TRAINING

Rate the VJCET graduates working in your organization using the following criterion.

Put a tick mark() Knowledge, Skills, Abilities, Attitude and other Attributes expected out of VJCET graduates

Overall, are you satisfied with:

5. 1. Capacity for development and analysis of engineering problems and formulation of appropriate solutions, retaining professional and ethical responsibilities.

Check all that apply.

- Extremely Satisfied
 Satisfied
 Somewhat

6. 2. Aptitude for self education, ability to learn new skills and a clear appreciation for the value of lifelong learning to update professional knowledge

Check all that apply.

- Extremely Satisfied
 Satisfied
 Somewhat

7. 3. Understanding professional engineering solutions for sustainable development and their application in global, national and societal contexts.

Check all that apply.

- Extremely Satisfied
 Satisfied
 Somewhat

8. 4. Competence for acquiring new skills and applying them in research and development

Check all that apply.

- Extremely Satisfied
 Satisfied
 Somewhat

9. 5. Fundamental knowledge in mathematics and science and professional fluency in English both communicative and technical forms

Alumni Feedback Analysis Report:2022-23

The following points were noticed while analyzing the alumni feedback for the academic year 2022-23.

These are comments or suggestions by the alumni to improve the B.Tech/MBA programme at Viswajyothi College (Extra subjects, Any Particular Training Modules, Add-on Courses on some areas etc.)

Computer Science Department

- Most of the ex-students are satisfied with the course content
- Satisfying career guidance and assistance
- Improved programming skills
- Entrepreneurship skill
- Networking tools
- Focus more on practical session than theoretical session
- Syllabus has helped them for their chosen career

IT Department

- Most of the ex-students are satisfied with the course content
- Satisfying career guidance and assistance
- Include latest technologies in IT as subjects in the curriculum
- Ability to integrate theory and practice to construct software system.
- Syllabus should include latest technological advances.
- Software development in industry level
- Project based learning

Mechanical engineering Department

- Most of the ex-students are satisfied with the course content.
- Benefits of Technology Enabled Learning
- Mandatory nptel course to every one
- Include more Addon courses.
- Modern tools and machines.
- Add interdisciplinary courses.
- QA,QC,NDT skills
- Extra Subjects
- Add design software certified courses
- Need core workshops

Electrical engineering Department

- Most of the ex-students are satisfied with the course content
- Additional lab
- Technical projects
- Need more support for project works

- Electrical construction activities
- More professional elective courses emphasizing on modern trends
- Add on courses and more practical in final year
Concepts of wiring, electrical drawings, Designing the electrical circuits

Electronics and Communication Department

- Most of the ex-students are satisfied with the course content
- Experienced Integrated learning environment
- Need More industry exposure
- Need to incorporate practical skills on students
- Programming Skill
- Modify syllabi incorporating contemporary aspects

Civil Department

- Most of the ex-students are satisfied with the course content
- Infrastructure projects
- Project management methodology
- More placement opportunities
- Give more importance to practical education system, advanced technologies, helps in final year projects
- Add field oriented software and theories
- More professional elective courses emphasizing on modern trends

MBA Department

- Most of the ex-students are satisfied with the course content
- More talks on industry life, experience sharing, etc
- Improved communication and leadership skills
- Add aptitude test and emotional test
- Offer courses enhancing employability opportunities and entrepreneurship
- Include add on courses

All alumni feel proud that they were the students of this college. They admit that the college played crucial role in shaping their professional, ethical and personal life. They give credit to the college for their present position in life.

Employer Survey Report

The following points were noticed while analysing the employer survey.

These are comments or suggestions provided by the employers to improve BTECH/MBA programme at Viswajyothi College of Engineering and Technology.

Civil Engineering Department

- Deep subject Knowledge
- Site Exposure
- Working Knowledge of software for design and drafting

Computer Science and Engineering Department

- Latest technical Awareness like AI tools, IoT, Big Data, Virtual Reality
- Testing Tools
- Latest softwares
- Promotes industrial visit
- Understand working of Tech oriented Industries
- Team work training
- Software programming

Electrical and Electronics Engineering Department

- Working Knowledge
- Industrial training

Electronics and communication Engineering Department

- Latest Technologies

Mechanical Engineering Department

- Autocad 2D drafting
- Supervisor licence training
- Revert 3D modeling
- Power Tools

MBA Department

- Management skills
- Team work training

Exit Survey Report 2022-2023 Batch

The following points were noticed while analysing the exit survey in the academic year 2022-2023.

These are comments or suggestions by the final year students to improve the B.Tech/MBA programme at Viswajyothi College (Extra subjects, Any Particular Training Modules, Add-on Courses on some areas etc.)

Civil Engineering Department

- Most of the students are satisfied with the course content.
- Extra interdisciplinary subjects.
- It would be great if proper guidance in core technologies are given to students right from the first year.
- Give importance for practical.
- Courses on recent engineering topics.
- More project based learning.
- Conduct more training by industrial experts.

Computer Science and Engineering Department

- Most of the students are satisfied with the course content.
- Team work, programming skills.
- Include modern technologies like Block chain and robotics in the syllabus.
- Improved communication skill and knowledge.
- Suggested to add courses like R programming and IoT.
- Understanding of professional and ethical responsibilities.
- Extra subjects for honours exam.
- Software training courses is needed.
- Entrepreneurial skills.
- Need extra sessions in technologies used in industry.

Electrical and Electronics Engineering Department

- Most of the students are satisfied with the course content.
- Enforce add-on courses strictly so that students can improve their learning experience in the course.
- Include more project labs.
- Conduct more training by industrial experts.
- Competitive exams based training for public sector jobs.
- Modern tools.
- Industry oriented trainings.
- Subjects related to automation, controls and robotics.
- Students could see the value of various class activities.

Electronics and Communication Engineering Department

- Most of the students are satisfied with the course content.
- Include more programming language courses.
- Project based learning will be really helpful to learn and understand the concept.
- Extra subjects like AI and Robotics.
- Software training courses is needed.
- Good balance of theory and practical components.
- Use of modern technologies.
- Effective learning environment.
- Enhance experimental based learning.

IT Department

- Most of the students are satisfied with the course content.
- Programming skills.
- Suggested to include some value-added courses in soft skills, networking and programming concepts.
- Effective learning environment.
- Hands-on lab for new technologies with well trainers.
- More variety in elective courses may be included.
- Extremely satisfied with quality of instruction and support for learning.
- Provide extra learning facilities in newest IT trends which is relevant to industry.
- Improved communication skills and knowledge.
- More industry exposure.

Mechanical Engineering Department

- Most of the students are satisfied with the course content.
- Design/development of complex engineering problems.
- Use of modern technologies.
- Extra interdisciplinary subjects.
- Competitive exams based training for public sector jobs.
- Courses related to Electric Vehicle (EV) and vehicle body painting may be included.
- Extremely satisfied with quality of instruction and support for learning.
- Emphasised the need for inplant training to gain the field knowledge.
- Courses on recent mechanical core domain.

MBA Department

- Most of the students are satisfied with the course content.
- Incorporate industrial research project based on the domain or in the combination of start-up/New Business model.
- Improved communication skill and knowledge.
- Entrepreneurial skills.

IQAC CURRICULUM FEEDBACK REPORT 2022-23

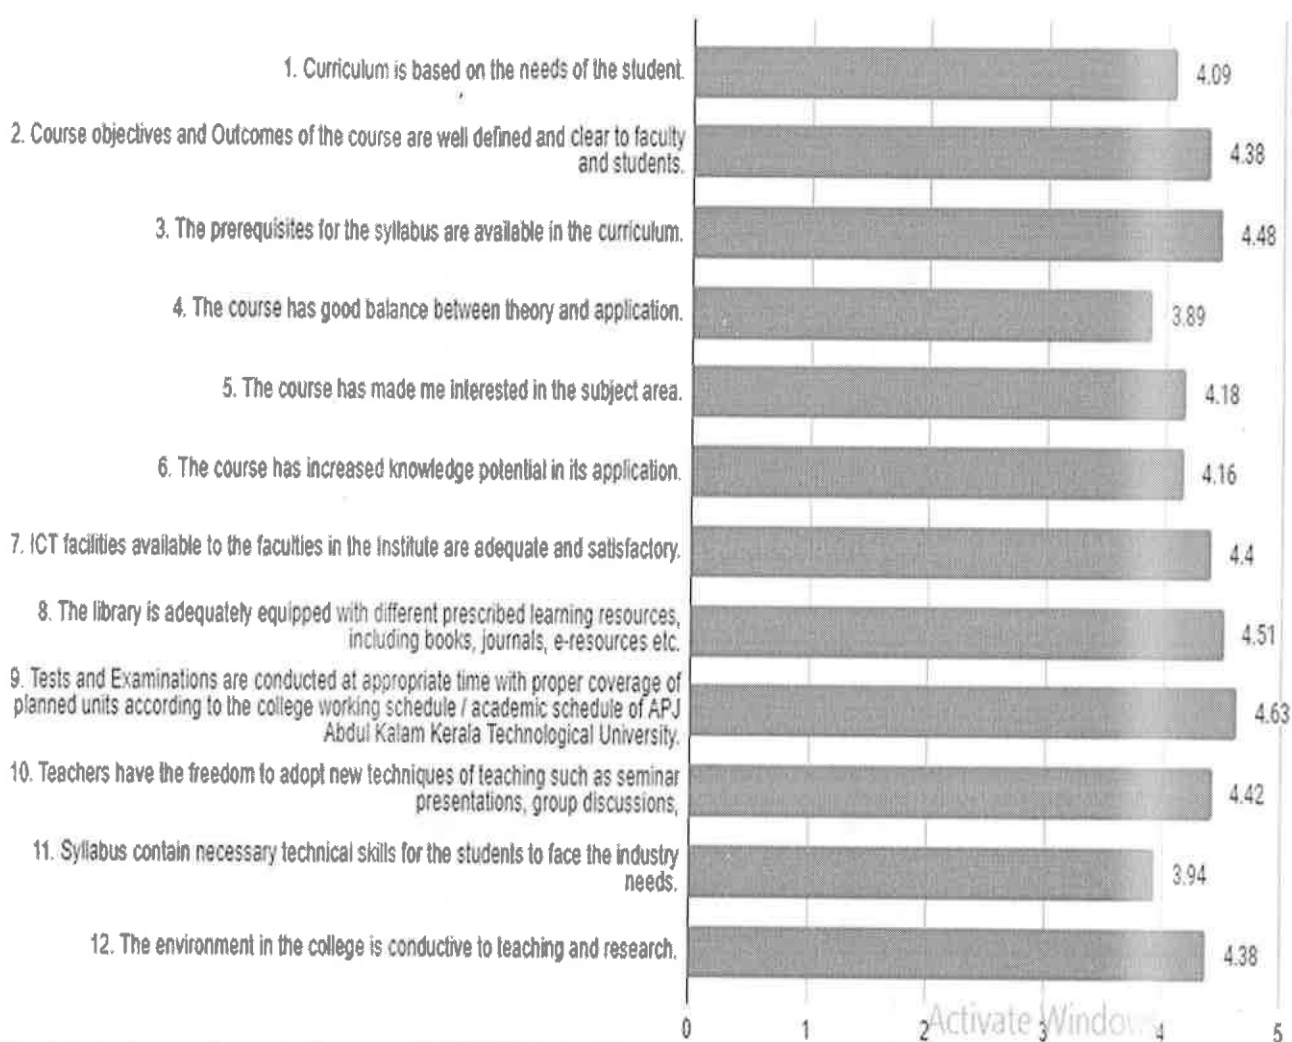

FEEDBACK 2022-23

During the academic year 2022-23 the feedback was collected from seventy seven teachers of the institution. These feedbacks were analysed by using a five-point rating scale. The maximum score is 5 and the minimum score is 1 where 5 indicates excellent, 4 means very good, 3 indicates good, 2 indicates satisfactory and 1 indicates not satisfactory.

The following points were noticed while analysing the faculty feedback of the year 2022-23.

- The score obtained from the faculty about the curriculum (4.09/5).
- Most of the faculty are satisfied with the course outcomes and objectives (4.38).
- It is also revealed that for most of the subjects the prerequisites are available (4.48).
- In some subjects the balance between theory and application is less (3.89).
- It is also revealed that the syllabus has made interest in the subject area (4.18).
- The course has increased knowledge ,potential in its application (4.16).
- Most of them are satisfied with ICT facilities available in the institution (4.40).
- Most of them are satisfied with the accessibility of instructional materials and reference book in the college (4.51).
- Most of them are satisfied with tests and examinations are conducted at appropriate time with proper coverage of planned units according to the college working schedule/academic schedule of APJ Abdul Kalam Kerala Technological University (4.63).
- This is the score about the freedom to adopt new techniques in teaching and learning (4.42).
- This score reveal that some syllabus need more technical skills for the students to face the industry needs (3.94).
- The environment in the college is conducive to teaching and research (4.38).

IQAC Curriculum Review: Teachers Feedback 2022-23

The faculty of Viswajyothi College of Engineering and Technology gives valuable opinion about the syllabus and academic atmosphere of the institution.

Above eighty percent of staffs are considering the syllabus suitable to the course. Ninety percentage of staff opinioned that Course objectives and Outcomes of the course are well defined and clear. One percent say that the prerequisites for the syllabus are not available in the curriculum. Majority agreed that the course/syllabus has good balance between theory and application. Almost hundred percent says that course had made interest in the subject area and course has increased knowledge potential in its application. Ninety percent staff agrees that adequate and satisfactory ICT facilities are available to the faculties in the Institute. Ninety eight percent opinioned that sufficient number of learning resources and prescribed books are available in the library. Ninety seven percent are considering that the Tests and Examinations are conducted according to the academic schedule of the university and teachers have the freedom to adopt new techniques of teaching. Hundred percent faculties agreed that the environment in the college is conducive to teaching and research and syllabus contain necessary technical skills for the students to face the industry needs.

1. Curriculum is based on the needs of the student.

77 responses

2. Course objectives and Outcomes of the course are well defined and clear to faculty and students.

77 responses

3. The prerequisites for the syllabus are available in the curriculum.

77 responses

4.The course has good balance between theory and application.

77 responses

5.The course has made me interested in the subject area.

77 responses

6.The course has increased knowledge potential in Its application.

77 responses

7. ICT facilities available to the faculties in the Institute are adequate and satisfactory.

77 responses

8. The library is adequately equipped with different prescribed learning resources, including books, journals, e-resources etc.

77 responses

9. Tests and Examinations are conducted at appropriate time with proper coverage of planned units according to the college working schedule / academic schedule of APJ Abdul Kalam Kerala Technological University.

77 responses

10. Teachers have the freedom to adopt new techniques of teaching such as seminar presentations, group discussions, demonstration and student's participations.

77 responses

11. Syllabus contain necessary technical skills for the students to face the industry needs.

77 responses

12. The environment in the college is conducive to teaching and research.

77 responses
