NOW, THEREFORE, IT IS HEREBY AGREED BY THE PARTIES AS FOLLOWS:

1. INTENT:

National Highways Authority of India (NHA) intends to associate the VCET who shall voluntarily contribute its share of experience for betterment of the highway infrastructure.

2. SCOPE OF THE MoU

The primary scope of MOU inter alia includes the following:

- (i) NHA shall facilitate the faculty, researchers and students of the Institute to familiarize with the latest trends in the highway/transportation sector with a common objective of sharing the knowledge in their respective domain. This will, in one hand, facilitate to bridge the industry-institution gap and familiarize students with the latest trends in industry and on the other hand the research output could be suitably adopted in practice by NHA.
- (ii) The Institute shall adopt nearby stretches of NHs as specified in the Appendix-1 as a voluntary initiative under ambit of Institutional Social Responsibility (ISR). The list of stretches may be modified by deletion/addition by mutual consent of NHA and the VCET.
- (iii) The adopted stretch may be used as a field of study for faculty, researchers and students.
- (iv) NHA shall offer internship to 10 number of undergraduate/postgraduate students of the Institute periodically and also extend stipend

(v) NHAI shall pay stipend @ Rs. 8,000/- (Rupees Eight Thousand only) per month for undergraduate students and @ Rs. 15,000/- (Rupees Fifteen Thousand only) per month to Postgraduate students. All other arrangements including stay shall be responsibility of the VCET. However, depending upon availability, NHAI may extend transportation facility to the interns within the project jurisdiction.

### 3. Roles and Responsibilities:

The scope of this MOU shall be carried out in a collaborative mode between NHAI and VCET. The Roles & Responsibilities of NHAI and VCET in performing the defined objective shall be as follows:

#### NHAI

- a. NHAI shall provide the list of potential candidate National Highway stretches for adopting by the Technical Institute;
- b. NHAI shall facilitate availability of relevant data required with specific reference to the above stretches through its field office/consultant/concessionaire/contractor engaged in the project;
- c. NHAI will nominate an officer as a point of contact for all correspondence in carrying out the defined objective;
- d. NHAI shall facilitate the faculty, researchers and students of the Institute to give access to the site of the identified stretch being adopted by the Technical Institute, relevant documents for the purpose of activities to be carried by these intellectuals of the Institute;
- e. NHAI through its field office/Consultant/Concessionaire/Contractor engaged in the project, as per reasonable requirement, will disseminate and familiarize the latest trends and know how in highway/transportation sector in general and the identified project in specific to the authorized faculty, researchers and students of the Institute;
- f. NHAI may suitably adopt the research output and feedback received from the Technical Institute in practice for qualitative improvement as deemed fit at appropriate stage of implementation.
- g. NHAI may support creation of Lab infrastructure in the Institute and can sponsor relevant research project that helps in using alternative resource material and improving quality of roads.
- h. The NH stretch adopted can be co-branded with the associated technical institute by NHAI

#### VCET

- a. VCET shall adopt stretch(es) of NHs as specified in the **Appendix-1** as a voluntary initiative.
- b. VCET through its authorized faculty, researchers and students will carry out periodic investigation and give suitable suggestions for improving the efficiency of existing highway asset inter alia covering the following aspects:

(i) Improvements in safety provision by removing existing deficiencies;

(ii) Improvements in continual maintenance of the stretch using new technologies;

  
Dr. K.K. Rajan  
Principal  
Marayothi College of Engineering & Technology  
Vazhakkulam P.O., Muvattupuzha, Kerala-686 670

- (iii) Localized solutions for removal of congestion points thereby increasing the average speed of traffic flow;
- (iv) Improvements in the riding comfort through cost effective measures based on innovative technologies on practices applicable in the area;
- (v) Viability of new way side amenities for road user based on the existing traffic pattern and user expectations;
- (vi) Potential solutions to old recurring problems based on local experience etc.

c.VCET may also associate with the Consultants/NHAI during conceptualization, design and project preparation of new projects and suggest the relevant parameters and innovations based on experience specific to the site climate, topography and resource potential for better socio-economic outcome.

d.VCET will nominate a coordinator as a point of contact for all correspondence in carrying out the defined objective as well as inform, from time to time.

#### 4. EFFECTIVE DATE AND PERIOD OF MOU

This MoU shall come into effect for all its intents and purposes from the immediate effect and shall remain valid for a period of 5 years from the date of signing unless terminated earlier by mutual consent by either party by giving 60 days' notice in writing to the other party.

Dear Sir,

Greetings from the Department of Civil Engineering of VJCET!

This is with reference to the MoU entered between your esteemed office and Viswajyothi College of Engineering and Technology.

As stipulated in the said document and in continuation with the telephonic conversation we had, 32 students (8 teams of 4 students each) as per the list attached have expressed their interest to undertake their project work connected with this.

All the listed students are from Semester 7 of the Department of Civil Engineering at VJCET.

We understand that only 10 students would be awarded stipendiary allowances.

Furthermore, the project work is intended to be part of their B.Tech curriculum, the preliminary work being earmarked during this Semester (September 2022- January 2023) and the main project being assigned from (January 2023- May 2023).

It would highly be appreciated if your esteemed office could grant them permission to undertake their project work.

Looking forth towards a positive response and thanking you in advance,

Sincerely Yours,

- 2.9 Both Parties are to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein
- 2.10 There is no financial commitment on the part of Viswajyothi College of Engineering and Technology, the First Party, to take up any program mentioned in the MoU. If there is any financial consideration, it will be dealt separately.

### CLAUSE 3 INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MoU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copyrights and designs) of the other Party.

### CLAUSE 4 VALIDITY

- 4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period M/s BIMIT CAD AND BIM TRAINING SERVICES, the Second Party, as the case may be, will take effective steps for implementation of this MoU. Any act on the part of M/s BIMIT CAD AND BIM TRAINING SERVICES, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MoU
- 4.2 Both Parties may terminate this MoU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations

### CLAUSE 5 RELATIONSHIP BETWEEN THE PARTIES

- 5.1 It is expressly agreed that **First Party** and **Second Party** are acting under this MoU as independent contractors, and the relationship established under this MoU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any

representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MoU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

# Report on the Webinar Conducted on 19<sup>th</sup> June 2023

## 1. Introduction

The online workshop conducted by IIC, VJCET on 19<sup>th</sup> June was about the topic on BIM. The session was conducted in an intention to provide the students to plan, design, construct, operate and maintain buildings and diverse physical infrastructure for achieving their passion. This was an ample platform to learn and understand how to start up from college level and spot good problems to solve.

## 2. Program Objective

The objective of conducting such a webinar is to arrange a platform to understand how a civil engineer develops by discovering different problems in designing and spot good problems to solve. Also, it gave an exposure to students regarding the various tools for a problem and choosing the apt solution for it. Behind this, the webinar aims at introducing various option in civil engineering field..

## 3. Program Description

The webinar had begun by 07:00 pm with a warm welcome speech by Mr. Appu John, Assistant Professor, Civil Engineering Department. The session was handled by Mr. Viju Antony, Director, BIMIT. This session describes to plan, design, construct, operate and maintain buildings and diverse physical infrastructure. Building information modeling (BIM) is a process involving the generation and management of digital representations of the physical and functional characteristics of places. BIM is supported by various tools, technologies and contracts. Building information models (BIMs) are computer files (often but not always in proprietary formats and containing proprietary data) which can be extracted, exchanged or networked to support decision-making regarding a built asset. Building Information Modeling (BIM) is a digital representation of physical and functional characteristics of a facility. A BIM is a shared knowledge resource for information about a facility forming a reliable basis for decisions during its life-cycle; defined as existing from earliest conception to demolition. Bim can be used in various fields such as construction management, facility operation, green building. BIM is a relatively new technology in an industry typically slow to adopt change.

## 4. Program Outcomes

This webinar was truly beneficial for the students. It helped a lot to know about softwares in civil engineering field which will ease their work.

## 5. Conclusion

The webinar was concluded by 08.30 pm with an interacting section followed by the vote of thanks which was delivered by Mrs. Finu John, AP, CED.

## 3. SCOPE

- a. The first party intends to appoint the second party to set up an i-TREND satellite centre.
- b. The first party may act as a startup funding agency and grant funds to qualified startups and innovators associated with the second party under various schemes as a part of this MoU if they are qualified as per the requisites of the first party.
- c. The Second party will agree with the First party to build and share resources including space and infrastructure, mentoring, training programmes to enhance the skills. The cost and other terms of such programs will be mutually worked out separately.
- d. First party offers a wide variety of assistance for startups, including mentoring, patent filing, and connecting with funding agencies .
- e. Collaborative project opportunities - Both parties to jointly propose and engage in research or training programmes .
- f. Both parties may jointly conduct short-term courses.
- g. Both parties may jointly conduct internship programs.
- h. The Second party should appoint a centre in charge, assistant centre in charge and faculty members who can work for I-Trend centre initiative.
- i. The First Party may offer qualified I Trend centre faculty members the opportunity to serve as mentors.
- j. Through I-Trend centres, the First party may offer opportunities for students and faculty members of the Second party to engage in various projects.
- k. The I-Trend centre in charge appointed by the Second party will be the point of contact with whom all the opportunities will be shared.
- l. The Second party will agree to the First Party to organise collaborative activities amongst various alumni groups.
- m. The first party may offer the second party's constituents i.e., students and faculties, the opportunity to engage in third-party funded external projects relating to problem statement/s from industries or corporate entities that consult with the first party

Non- disclosure and Protection:

- I. The parties agree that at all times during or subsequent to this MoU, each party shall maintain the confidential information in strict confidence and shall not disclose, divulge, communicate, publish, disseminate or otherwise make available or use or copy any part of the confidential information, except for the party's own use during the term of this MoU.
- II. The parties further agree not to cause the transmission, removal, or transport of tangible embodiments of, or electronic files containing, confidential information from the other party, without the prior written approval of the other party that owns the confidential information.
- III. Each party shall not use the confidential information, or any portion thereof, for the benefit of any third party. Each party shall take all necessary precautions in handling confidential information and limiting disclosures on a strict need-to-know basis.
- IV. However, the disclosing party may disclose confidential information pursuant to the order or requirement of a court, administrative agency, or other governmental bodies, provided that the disclosing party gives reasonable prior notice to the other party to contest such order or requirement, or obtain injunctive relief therefrom. Upon the termination or expiration of this MoU, each party shall return to the other party or certify the destruction of all confidential information except such confidential information that each party may expressly authorize the other party to retain, in writing.

## 9. INTELLECTUAL PROPERTY RIGHTS

- A. Intellectual Property rights shall mean and includes all intellectual property, in any part of the world, whether registered or not registered, in particular:
- All trademarks, service marks, trade names, logos; patents, design rights; trade secrets, including, know-how, technology, source code, APIs, databases, design elements including user interfaces, formulae, industrial, scientific and commercial information, techniques, and inventions; processes, manuals, documentation, and scientific and technical data and information; copyrights, works of authorship, and topography rights, database rights; computer hardware and software including computer programs and any other information concerning the above;
  - Technical know-how and information, business and market information, concerning product and process development validation, integrated business support services, operational support services, end-user services, training and support service, marketing, and other allied services;
  - All rights under licences in respect of all the above specified at (A) herein;
  - Any applications or registrations for the protection of all the rights specified at (A); and all renewals and extensions thereof.
- B. The second party shall not use any intellectual property rights as mentioned in the above clause of this agreement without such prior written consent.

*Harshad Bhaskar*

IIT PALAKKAD TECHNOLOGY  
IHUB FOUNDATION  
(Incorporated under Section 8 of the Companies Act 2013)

- C. The second party shall not acquire any right, title, or interest whatsoever in the intellectual property of the first party as mentioned under this agreement, which may or may not be used while performing its obligations and services as per this agreement. The second party shall not do any act, omission, or promise, or allow any person or entity to engage in any act or omission that may in any way impair, affect or challenge the rights of the first party in its intellectual property either directly or indirectly.
- D. Upon termination of this agreement, the second party shall not have any access to any intellectual property rights of the first party. It shall immediately return to the first party all property belonging to the first party that may be in their possession.

#### 10. TERMINATION

Unless otherwise provided, this MoU may be terminated by either party by giving prior written notice of at least 01 (one) month. Either party may terminate this MoU for cause by providing the other party written notice if the other party:

- I. Is in material breach of this MoU and has failed to rectify such breach within 30 (thirty) days after its receipt of written notice of such breach provided by the non-breaching party;
- II. Engages in any false reporting or any other act which is against the terms of this MoU;

(Incorporated under Section 8 of the Companies Act 2013)

- III. Engages in any unlawful business practice related to that party's performance under the terms of this MoU; or
- IV. Files a bankruptcy petition, becomes insolvent, acknowledges its insolvency in any manner, makes an assignment for the benefit of its creditors or has a receiver, trustee, or similar party appointed for its property.

## 11. WAIVERS, MODIFICATIONS, AND AMENDMENT

The waiver of a breach of this MoU or the failure of a party to exercise any right under this MoU shall in no event constitute a waiver as to any other breach, whether similar or dissimilar or prevent the exercise of any right under this MoU.

This MoU may be amended/modified with the mutual consent of the parties, by executing a fresh MoU containing such amendments/modifications, or by one party communicating the need for an amendment/modification in writing, and the other party accepting the said proposal and communicating its consent to the same in writing.

## 12. SEVERABILITY

Each provision of this MoU shall be interpreted in such a manner as to be effective and valid under applicable law. The invalidity or unenforceability of any provision of this MoU shall in no way affect the validity or enforceability of any other provision hereof. Any invalid or unenforceable provision shall be deemed severed from this MoU and the

balance of this MoU shall be construed and enforced as if this MoU did not contain the particular provision(s) held to be invalid or unenforceable.

## 13. COSTS

Each party shall bear the respective costs of carrying out the obligations under this MoU. No cost may be unduly assigned to either party by the other party.

## 14. ASSIGNMENT

Neither party shall assign any rights, duties, or obligations under this MoU to any third party without the written prior permission of the other party.

## 15. EXECUTION AND COUNTERPARTS

This MoU may be executed (including by facsimile or internet-based service) by one or more of the parties on any number of separate counterparts. All of such counterparts taken together shall be deemed to constitute the same instrument, and (if by facsimile) each such facsimile shall have the same force and effect as if an original.

## 16. DISPUTE RESOLUTION

The parties agree to first mediate any disputes or claims between them in good faith and resolve the disputes amicably and share the cost of mediation equally. If mediation

fails, any controversy or claim arising out of or relating to this MoU or breach of any duties hereunder shall be settled by arbitration following the Indian Arbitration and Conciliation Act, 1996. All hearings will be held at Palakkad, Kerala, India, and shall be conducted in English. The parties shall each appoint an arbitrator who shall then appoint a sole arbitrator to preside over the arbitration proceedings, and the award passed by the such sole arbitrator will be valid and binding on both parties.

## 17. GOVERNING LAW AND JURISDICTION

This MoU shall be governed by and construed following the laws of India only. Each party hereby irrevocably submits to the exclusive jurisdiction of the courts of Palakkad, Kerala, India for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby, and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that is not personally subject to the jurisdiction of any such court, that such suit, action or proceeding is brought in an inconvenient forum, or that the venue of such suit, action or proceeding is improper.

IIT Palakkad Technology IHub Foundation (IPTIF) is proud to announce UTKARSH. This event will be instrumental in establishing a symbiotic relationship to enable technological innovations, employment opportunities, breakthrough research, and skilled workforces.

UTKARSH will be venturing into new strong partnerships between academicians and industrialists to drive technology innovations. It not only focuses on bridging the gap between Industry and academia, but also aims to actively identify and solve technological and entrepreneurial issues faced by industries. To that end, we invite industries to attend this event and present their problem statements.

UT

## Our agenda

Through UTKARSH, we:

- 🎯 Offer to address solutions for problem statements from Industry.
- 🎯 Plan to figure out skill development programs for the present Industry needs.
- 🎯 Enable access to a larger talent pool through i-TREND centers for internships and employment.
- 🎯 Enable access to a network of startups, entrepreneurs and industries for collaboration.

## **Report of the Webinar conducted on 01<sup>ST</sup> DECEMBER 2021**

### **1. Introduction**

The workshop was organized by the Industry Institute Interaction Cell (IIIC) in association with the Innovation and Entrepreneurship Development Centre (IEDC) and the Institute Interaction Cell (IIC) on 1<sup>st</sup> December 2022. The topic of the workshop was “Web Designing Using HTML”. The workshop was conducted with an aim to help first year students of CSE understand how to use HTML and create web pages.

### **2. Program Objective**

HTML plays an important role in the final year projects. Understanding this language will be of great help to the students. The main objective of this workshop was to introduce the basics of HTML and let students make some web pages of their own.

### **3. Program Description**

The workshop was conducted in the Common Computing Centre. It started at 10:00am. Alen Bijo, S1 CSE-B addressed the meeting followed by a warm welcome speech by Denis Kurian Deepu, S2 CSE-B. He introduced the chief guest Mr. Toby Jose, Technical Head of Progressive Software Solutions and Training, Muvattupuzha and Mr. Sooraj K.S., Senior Faculty of Progressive Software Solutions and Training, Muvattupuzha. Mr. Jose started the workshop by

talking about the types of applications and then moved on to teaching HTML and its syntax. Towards the end, he gave the students some questions to do. He and Mr. Sooraj interacted with the class and answered all doubts clearly without any judgement.

#### 4. Program Outcome

The workshop has given a clear idea to the students about how to use HTML for their future projects.

#### 5. Conclusion

Students of CSE-B had participated in the seminar with staff coordinators Ms. Remya Paul, Ms. Mayadevi P.A. and Ms. Ritty Jacob. The workshop concluded at 01:00 pm with a vote of thanks by Ms. Tessa Tharayil, S1 CSE-B.

- b. The obligations above shall not extend to any confidential information for which the receiving party can prove that this information:
  - Is in the public domain at the time of disclosure or comes within the public domain without fault of the receiving party.
  - is already known or become known to the receiving party
  - is received from a third party having no obligations of confidentiality to the disclosing party,
  - is independently developed by the receiving party; or
  - Is required to be disclosed by law or court order.
- c. During the term of the MoU and thereafter for a reasonable period, all the subscribers hereto undertake on behalf of their respective subcontractors/ employees/ representatives/ associates to maintain strict confidentiality and present disclosure thereof, of all the information and data exchanged/ generated pertaining to work/ activity under this MoU for any purpose other than that specified in this MoU.
- d. The member institutes can use ICTAK logo and can display in their website or other branding activities during the tenure of the agreement. However, the member institute will cease the right to use ICTAK logo upon expiry/termination of the agreement.

### 4. NON-EXCLUSIVITY

The relationship of the subscribers of premium membership with ICTAK shall be nonexclusive. Both ICTAK and the institutions, including their affiliates, subsidiaries and divisions, are free to pursue other agreements or collaborations of any kind. However, when entering into a similar agreement for Skills Enhancement and Faculty Development Programs, the participants may agree to limit each party's right to collaborate with others on that subject.

### 5. OTHER TERMS

- a) ICTAK and the colleges hereby agree to pursue the relationship on a principle-to-principle basis and any of them shall not do or cause to be done anything derogatory to the reputation of the other;
- b) The free programs which remain pending at the end of the membership period shall stand as cancelled without notice.
- c) The Courses offered by ICTAK may subject to change when ICTAK themselves and in association with Government Departments and agencies launch new programs. The same will be intimated to the member colleges in advance.

#### **6. TERMINATION**

The premium membership shall expire one year from the effective date (Effective date - 1<sup>st</sup> August 2022). Either party shall have the right to unilaterally cancel or terminate the premium membership upon 60 days prior written notice to the other party. However, no such early termination of the premium membership, whether mutual or unilateral, shall affect the obligations of the Confidentiality clause or any other agreement entered into pursuant to this MOU, which obligations shall survive any such termination.

Any such termination shall not affect the smooth course completion of the existing batch of students and upon serving of notice of termination by any of the parties, the ICTAK shall immediately restrain itself from further induction of any new batch of students and/ or individual students.

Upon serving of notice of termination, none of the parties herein shall be under any obligation to meet with any further expenses of the proposed ICTAK apart from the ones required for the smooth course completion of the existing batch.

**If the college fails to fulfill any one or more of the commitments mentioned in Clause 1(1), the college will not be eligible to hold the title of ICTAK Premium Member for the next year.**

#### **7. FORCE MAJEURE**

If the force majeure conditions continue beyond six months, the parties shall jointly decide about the future course of action.

#### **8. ARBITRATION**

Except as hereinbefore provided, any dispute arising out of the premium membership plan, shall be referred to the arbitration of 2 (two) arbitrators, 1 (one) to be appointed by each party to the dispute and in case of difference of opinion between them to an umpire appointed by the said 2 (two) before entering on the reference and the decision of such arbitrators or umpire, as the case may be, shall be final and binding on all the parties. The venue of arbitration shall be at Trivandrum.

#### **9. NOTICES & COMMUNICATION**

All notices and other communications required to be served on ICTAK or Colleges under the terms of this MoU, shall be considered to be duly served if the same shall have been

delivered to by hand and properly acknowledged by the respective part/ parties, posted by registered mail or sent by any accredited Courier Service to the respective part/parties at its last known/ officially disclosed address of business.

#### 10. AMENDMENTS

No amendments or modification of the premium membership plan and privileges shall be valid unless the same is made in writing by all the parties herein or through their authorized representatives and specifically stating the same to be an amendment of this agreement. The modifications/changes shall be effective from the date on which they are made/ executed unless otherwise agreed to.

#### 11. RELATIONSHIP

The Premium Membership shall not be construed to make either ICTAK or Colleges, a partner, an agent, or legal representative of the other for any purpose.

#### 12. SIGNING AND EXECUTION

This premium membership document, signed by the authorized signatory of ICTAK and the Colleges creates separate legal relationships between each of the subscribers (Colleges) and ICTAK. The document may be construed as an agreement with proper offer to and acceptance from ICTAK and each of the subscribers signed underneath and vice versa.

BY SIGNING the agreement, the parties, acting by their duly authorized officers, have caused the Premium Membership agreement to be executed between ICTAK and each college, effective as of the 1<sup>st</sup> day of August 2022. ## **Report of the Talk conducted on 17<sup>th</sup> November 2022**

### **1. Introduction**

The talk was organized by the Electronics and Communication Department in association with Industry Institute Interaction Cell (IIIC) on 17<sup>th</sup> November 2022. The topic of the webinar was 'Future Technologies'. The talk was conducted with an aim to help the second year students of ECE to get a glimpse of the different types of technologies existent in the electronic industry.

### **2. Program Objective**

The aim of the session was to introduce the various development boards that are dominant in the electronic industry which the students will need to have a substantial knowledge in as they get into the core industry.

### **3. Program Description**

After the welcome address by the IIIC ECE department staff-in-charge Mr. Jibby Peter Dcruz, the session began at 10am. The participants had the opportunity to know about development boards and gained knowledge about entrepreneurship. The session about 'Future Technologies' was an orientation program by Recode AI Solutions. The session was theoretical, and helped in achieving practical knowledge as well. Students were able to know more about a lot of technologies in the field of electronics. The speaker of the

session Mr. Binol George (CEO, Recode AI Solutions) explained the different tools and assemblies used for product development.

#### **4. Program Outcome**

The session has given clear idea to the students who are awaiting placements in the software aspect of the electronic industry and how to avail better opportunities to start their own entrepreneurship.

#### **5. Conclusion**

Students of second year ECE department had participated in the meeting with the staff co-ordinator of IIC. The session concluded at 11:45am with a vote of thanks by Mr. Sangeeth of S3 EC.

## REPORT

### TRAINING ON ETHICAL HACKING

A workshop on ethical hacking was organised by Technovalley on 1<sup>st</sup> october 2022 for S5 IT students. Mr.Sarath G led the workshop on the same.The following areas covered within this session includes :The definition of hacking ,weakness and vulnerability of a system,types of ethical hacking,python for ethical hacking,otp bypassing,two factory verification methods etc.. e.g: penetration test,phishing, DDOS attacks.

He deeply explained about the cloak and dagger attack which was a kind of malfunctioning files that damaged many of the systems.God mode application defects was also one of the topic covered.Various phases of hacking like gathering information, foot-printing and reconnaissance, hiding tracks was demonstrated.

He also demonstrated on how to use a Kali Linux machine with SE toolkit to Clone the Facebook page and create a link that is a malware. The receiver on clicking the link the hacker could get the password and thus hacking the account. Also the same was shown with a g-mail account. Phishing technique was also explained in brief.

Towards the end of the session he presented the various incidents of hacking that has happened around the world and also the need of highly professional ethical hackers for ensuring the security in various fields.

## University / College

1. Infosys electives/microcredit courses for educational institutions will be provided by Infosys wherever applicable. The list will be updated as per latest technology trends and needs of colleges.

Note: Colleges can choose from among the provided elective/microcredit course areas

2. Strengthen relationship with Universities / Colleges through collaborative meetings and events
3. Work with education bodies / universities to induct the industry relevant curriculum into the college curriculum through BOS or academic council meeting.

## Metrics for MoU Renewal:

Note : Weightages are attached to each of the activities.

Sl No	Item	Minimum Number / Volume (in two years)	Weightage
1	Infosys certification / completion of courses on Infosys digital platform	Active learning with considerable learning time by students and faculty members on the Infosys digital platform	30
2	Infosys suggested Industry Elective / microcredit / professional skills programs	Students and faculty to adopt the mentioned courses/certifications and clear them	30
3	Faculty Enablement Program (FEP) / Industry Visits / Seminars / Webinars / Student Workshops / SPOC meetings	Active participation in events conducted by Infosys	20
4	Consumption of Digital content on Infosys digital platform	Active consumption of content by learners of educational institutions	20
			100

## MOU Renewal Criteria:

The actual weightage for a college would be decided by Infosys team based on the participation of the colleges in the given activities. Institutes should achieve a minimum of 65% to qualify for renewal of the RMOU.
